WORK EXPERIENCE

General Assembly   *Sept 2017 - Present*
Engineering Fellow   *New York, NY*
- Develop mastery in Full Stack Web Development and implement best practices in Object Oriented Programming.
- Programming RESTful web apps using React, Node, Express, and Ruby on Rails. Maintain website post development.
- Create fully responsive websites for mobile and desktop platforms, using HTML, CSS, JS, Bootstrap, and Flexbox.
- Accelerated and led a team development process using previous communication training to streamline productivity.

Freelance Developer   *2016 – Present*
Web Developer   *New York, NY*
- Establish client base and generate custom digital solutions. Diagnose website needs and address them using code.
- Guide client through the Software Development Lifecycle from concept to beautiful responsive custom websites.
- Improve online presence of businesses through website redesign, search engine optimization, and brand innovation.
- Integrate the latest techniques in fully responsive web design. Produce professional photo and video for clients.

Agios Pharmaceuticals   *2014 – 2015*
Human Resources Administrator   *Cambridge, MA*
- Coordinate daily interviews with executives. Facilitate recruiting and on-boarding for over 60 new employees.
- Organize and maintain Microsoft Sharepoint database, employee data profiles, and HR safety documentation.
- Participate in company-wide performance reviews, and update official job postings for Agios career website.
- Provide direct administrative support to CTO and CEO with calendar management, event planning, and interviews.

Emara Academic Solutions   *2012 – 2016*
Tutor   *New York, NY*
- Tutor students in SAT and ACT exam preparation, essay writing and grammar, Mathematics, and Spanish.
- Contribute to business development through on-boarding and scouting of potential clients.
- Identify areas of improvement and build a personalized roadmap to success for students.
- Informed parents and guardians of students' progress, and convert client feedback into tangible results.

INTERESTS

I enjoy meeting new people, and supporting urban outreach initiatives. I also enjoy videogames and biking in Central Park.
